GOVERNMENT OF GOA, DAMAN AND DIU

Directorate of Archives

Archival Policy Resolution

Goa Archives has enjoyed unbroken continuity of official custody thereby retaining their archival quality. During erstwhile Portuguese regime, there was a legislation regulating the conditions pertaining to the Goa Archives and the responsibilities of various Departments of the Government and other creating agencies.

Since Liberation, the Government of Goa, Daman and Diu has been taking various steps to maintain and preserve all pre-Liberation and post-Liberation records. In addition to the past legislation of the erstwhile Portuguese regime, the Government of Goa, Daman and Diu has been following the instructions issued by the Government of India from time to time.

The inadequacies of rules throughout the country to regulate the responsibilities of the record creating agencies and the Directors of Archives for the proper care, custody and management of records in their current, semi-current and non-current stages had resulted into a persistent demand for the Central Legislation for the purpose of proper maintenance and management of the records of the Union and State Governments and for grant of reasonable access to these records for purpose of bonafide historical research. The Committee on Archival Legislation which inquired into the matter and reported on the subject matter in 1960, had inter-alia made the following recommendations:—

1) "Steps to be taken to amend the Constitution by making suitable entry in the Concurrent List to enable the framing of a single Central Law that would take care of both of the Union and the State Archives.

2) Pending the amendment proposed, separate Archival Laws be enacted for the centre as well as for each of the States".

The Government of India, proposes to enact such Central Legislation in consultation with the State Government but as the enactment would consume a considerable time and as it did not desire to delay action on the substantive recommendations of the Committee on Archival Legislation it has already adopted an Archival Policy Resolution in respect of the records of the Union Government vide Government of India (Department of Culture) Resolution No. F.7-6/71-CAI(2) dated 11th December, 1972 and have requested the State/Union Territory Governments to follow suit.

The Government of Goa, Daman and Diu feels that the problems faced by it with respect to public records bear resemblance to the difficulties confronting the Central Government. Therefore, with a view to defining and regulating responsibilities of the Ministries, Department and all offices under Administration of Union Territory of Goa, Daman and Diu for proper custody, care and management of records in their possession for selection and retirement of records of permanent value to the Goa Archives, laying down the responsibilities of the Goa Archives in respect of the public records in its custody and all those with various Departments/Local and subordinate offices/Comunidades and Village Panchayats and other offices under the Administration of Goa, Daman and Diu and prescribing the limits and conditions governing public access to the records retired to the Goa Archives, the Government of Goa, Daman and Diu have approved the following measures:—

1) These measures will extend to the records of:—

i) all the Departments/offices/committees/commissions of the present Administration as well as the erstwhile Portuguese regime in Goa, Daman and Diu irrespective of the fact whether they are continuing to exist under new title or are defunct presently;

ii) the attached and subordinate offices of Departments/local offices such of those under the Administration of Goa, Daman and Diu as may be determined from time to time including those of Notary Offices, Comunidades, Municipalities, Mufassil Offices, Village Panchayats, Judicial Commissioner's Court, Law Courts, but not to the Election Officer, Legislative Assembly, autonomous bodies set up by the Administration of the Union Territory including the nationalised undertakings and enterprises if any. It would however, be optional for any of the above excluded bodies to seek the assistance of the Goa Archives in any matter coming within the scope and purview of the Resolution and to retire their non-current records of permanent value to the Goa Archives, if they so desire at any time in consultation with the Directorate of Archives, as it was done in the past by some of the bodies like the Judicial Courts in the Union Territory. The term 'Records' for this purpose would include documents, rolls, codices, sheets, files, dossiers, microfilms, photographs, charts, plans, diagrams, maps, sound, recording, etc.

2. The Departments/Local and Subordinate Offices and other public offices coming within the purview of this Resolution will be responsible for the first and second Review of their current and semi-current records, periodical appraisal and elimination of ephemeral records as laid down in the Manual of Office Procedure and as per

7. For Retention Schedules indicating the period as far as common records are concerned the procedure followed will be as laid down in the Manual of Office Procedure and for peculiar/specific record as per the instruction issued by the Directorate of Archives. The Schedules should be revised once in five years to ensure that adequate notice is being taken of the changing and expanding activities of the Department/Office.

The authority given to Departmental Record Officer to draw up retention schedules in consultation with the Goa Archives should not however over-ride the instructions contained in the Central Secretariat Manual of Office Procedure according to which Officer dealing with the records at appropriate levels will have to take decision regarding the period of retention of different records. The function of the Departmental Record Officer will be only advisory.

8. All Records and files meant for permanent preservation should be transferred to the Goa Archives 25 years after being closed or recorded, as laid down in the Central Secretariat Manual of Office Procedure, or any statutory law/rules subject to the following limitations:—

a) Files bearing any Security classification should not be transferred to the Goa Archives.

e) File(s) once transferred may be withdrawn from the Goa Archives by the Department/Local and Subordinate Offices for a stipulated period apprising the Goa Archives of the reasons for taking such action.

f) The Administrative Department/Local Offices would have sole authority to decide on the consigning of particular records of the Attached and Subordinate Offices to the Goa Archives.
